

Simulation, Analysis & Measurement

About SAM Technologies (STECH)

STECH is an Engineering company with 20 years of experience in providing some of the finest testing equipment & system solutions that are used in R&D, Quality Control, Production lines of wide variety of Industries, Testing Laboratories & Universities. Our Application & Support Team provides effective and impeccable post sale services.

We deliver comprehensive value driven solutions such as repair, maintenance, retrofit and up-gradation of testing equipment. Our equipment rental / lease program addresses short, medium and long-term testing needs of the clients with immediate schedules.

Business Partners

Environmental Test Chambers, HALT/HASS systems, Cytogenetic Drying Chambers

Salt Spray Test Chambers, Cyclic corrosion Test Chambers, Metal Block thermostats / Heating Blocks

General Purpose Multi-Channel Data Loggers, Data Acquisition Systems

Laboratory Ovens, Industrial & Custom Ovens

Thin film coating systems, Electrical propulsion testing system, Thermal Vacuum & Vacuum Bakeout system, Heat Flux Cages

Laboratory Ovens, Incubators, Stability Chambers

Machine Test Stands, Autofrettage Systems, HOSE Test Stands for E-Mobility

Resistance & Microwave heating - Laboratory & Industrial high temperature Furnaces, Induction heating - Frequency generators.

Data Acquisition and Data Logger Hardware & Software Products

Highly Accelerated Stress Test (HAST) Equipment, Compact Retort Cooker for sterilization tests, Autoclaves

Altitude Simulation System, HVAC Test Systems, SHED, DRIVE-IN Chambers, Psychometric Test Rooms

Industrial Test Equipment for Product Safety Applications- IP Testing and Special Test Benches

Hot wall & Cold wall vacuum ovens, Explosion proof vacuum ovens for hazardous applications

Universal Testing Machines, Dynamic, Fatigue & Torsion Test Machines

LCR meters, Impedance Analyzers Hi-POT testers, Cable harness testers, Motor testing systems

Fatigue, Tensile and Compression Test Machines

RF Surge protection, filtering, connectors and grounding devices, Data Surge protection, AC /DC & HEMP Tested Surge protection devices.
